EDUCATION

Bachelors of Technology in **Computer Science and Engineering**
SRM Institute of Science and Technology, Kattankulathur, Chennai

7.18 CGPA
2025

WORK EXPERIENCE

Web Development Intern

Lets GrowMore

03/2022 - 04/2022

- **Designed** and **developed** a task management portal to effectively manage and create tasks for the organization, increasing productivity by 20%.
- **Optimized** app user interface, resulting in a more intuitive and user-friendly experience.
- **Developed** my full-stack development skills by taking ownership of the entire product development cycle, from design to implementation

ACHIEVEMENTS

- Completed Hacktoberfest 2021 and 2022 by contributing to open-source projects and making 5 pull requests | [Link](#)

CERTIFICATIONS

- Python Skill Certified by HackerRank
- C++ Hackerrank Badge
- Great learning OOPS in Java

PROJECTS

Portfolio | [Link](#)

Developed a user-friendly portfolio website with HTML and CSS, designed to effectively present my work and skills to potential clients/employers.

Food Ordering System | [Link](#)

A Food Ordering System that simplifies the food ordering process for restaurants developed using the concepts of object oriented programming in C++.

Open AI SQL Generator App | [Link](#)

An intuitive SQL query generator that takes a natural language description as input from the user. This is a full stack app that converts natural language English to SQL queries using OpenAI's GPT-3.5 architecture and text completion API.

SKILLS

Libraries/Systems/Frameworks: HTML, CSS, ReactJS, DBMS, SQL, React, Node.js

Coding Languages: C/C++, Python, Javascript
